**SNOW DAYS**

When school is closed due to inclement weather or other emergency closings, notification of school closings will be made by "Alert Now" and also on radio stations WLIP (1050-Kenosha), WTMJ (620-Milwaukee), and WGN (720-Chicago). We will also notify TV Channels 4, 6, & 12 in Milwaukee.

**CALLING IN ABSENTEES**

This is a reminder of all parents to please call the school by 9:00 a.m. if your child is to be absent. A message may be left on our answering machine if you need to call before 8:00 a.m. Parents not calling their child in, will necessitate the school contacting a parent at home or at work to verify the absence.

### **2013-2014 Four-Year Old Kindergarten Registration**

We are beginning the process of gathering enrollment information for the 2013-2014 4K program. Registration packets will be sent out Friday, February 1, 2013 to families we have on record as having a child eligible for 4K. Students who are eligible for 4K **MUST** be four years of age on or before September 1, 2013 and be toilet trained. If you have a child who will be eligible for 4K during the 2012-2013 school year, please contact Mrs. Lindh via email ([slindh@riverview.k12.wi.us](mailto:slindh@riverview.k12.wi.us)) or phone (262-889-4384 ext. 236) to have your child's name placed on our list. You can also direct any questions you may have regarding the 4K program to Mrs. Lindh. We look forward to having your child in our program this fall.

### **EARLY SCHOOL CLOSING**

Please discuss with your child a plan of what to do in the event of an early school closing due to inclement weather. It is important that our students know what they are to do if there is no one at home and school is dismissed early.

### **K-3 Winter Concert - January 29th**

Join us for an evening of music as the Kindergarten, 1st Grade, 2nd Grade, and 3rd Grade classes present "Seasons and Song." Time flies when you're having fun, and we're going to go through a whole year of seasons within our 45-minute concert. We'll see you at 7:00pm in the Gymnasium on January 29th. *Note: Following the K-3 concert, there will be a 5th Grade Band Concert in the cafeteria.*

### **OPEN ENROLLMENT FORMS**

Open Enrollment Forms for the 2013-2014 school year will be available in the Main Office on February 4<sup>th</sup>. ## **NOTES FROM THE NURSE**

Please see attached note with helpful information regarding "WHEN SHOULD MY SICK CHILD STAY HOME?"

## WHEN SHOULD MY SICK CHILD STAY HOME???

Sick children belong at home. Here are some guidelines to make your decision easier.

**FEVER...** A fever is a warning that all is not right with the body. The child may have an illness that can spread to others. **A child with a fever GREATER than 100° F should NOT be sent to school.** They should not return until **fever free for 24 hours.** Without the aid of analgesics.

**COLDS / SORE THROATS / COUGH.....** A child with a cold, having a lot of congestion and a **hacking cough** belongs at home, even without a fever. Children with **Strep Throat** need to be on **antibiotics for 24 hours** before returning to school.

**RASHES....** A rash might be the first sign of a childhood illness such as chickenpox. All rashes are considered contagious unless a doctor states otherwise. **DO NOT send your child to school with a rash.**

**DIARRHEA....** Diarrhea is a bowel movement that is watery or looser than normal for a child. If your child has **more than one loose stool** in a day, they should be kept home.

**VOMTING....** Keep your child home until they can keep their food down for **at least 8 hours.**

**PINK EYE....** Pink eye causes redness of the white part of the eye. There may also be clear, yellow, or green drainage. Pink eye can be spread by hand to eye contact or sharing towels & wash cloths. A child with pink eye should stay home until treated with **antibiotics for 24 hours** or until seen by a doctor.

**HEAD LICE....** Head lice are flat insects that live in human hair. Lice hatch from small eggs called nits. Nits attach to the hair's shaft, most often behind the ears and at the nape of the neck. The adult insects bite the scalp causing itching. Anyone can get head lice. Lice are easily spread by close contact with an infested person or by sharing hats & combs. **A child with head lice needs to stay home until treated & free of nits.**

**MEDICATIONS.....** Sometimes your child may be put on medications to treat their illness. **We have school medication policy.** Please contact the school nurse for information regarding medications that need to be given at school.

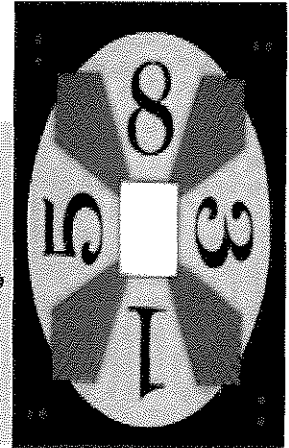

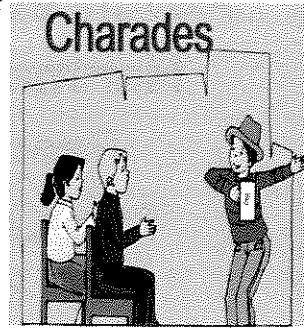

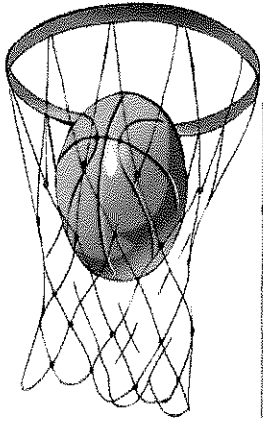

**BE PREPARED.....** Because of the frequency of illness in children, working parents need to plan ahead for the care of a sick child.

**INFORMING THE SCHOOL....** If your child goes to the doctor, write down the following information for the school:

- The name of the illness
- Is it contagious to others

**THANK YOU FOR YOUR COOPERATION IN KEEPING OUR SCHOOL A HEALTHY PLACE TO BE FOR YOUR CHILDREN**

YOU'RE INVITED TO...
